THE REPORT
OF THE
PRESIDENT OF QUEEN'S COLLEGE, CORK,
FOR
THE SESSION 1893-94.

TO THE QUEEN'S MOST EXCELLENT MAJESTY.

MAY IT PLEASE YOUR MAJESTY :

I have the honour to submit a Report on the condition of Queen's College, Cork, for the Session 1893-94.

The number of students attending the College during this period was 240 matriculated and 12 non-matriculated. The number of new students was 77. Of these 49 came from the Royal University of Ireland, 15 from other Colleges and Universities, 1 entered on the College matriculation examination, and 12 were non-matriculated.

By the death of Richard Horner Mills in August, 1893, the College lost a Professor who had worthily filled the chair of Jurisprudence and Political Economy from the opening of the College in 1849. The subjects of his Professorship have been joined to those of the Professorship of Mental and Social Science

Among the more pressing requirements of the College that of a new Chemical Laboratory stands foremost. It is hoped that

during the coming Session, your Majesty's Government may be enabled to erect a building so much required by the growing demand for instruction in Physical Science.

An Extraordinary Visitation was held on the 16th and 17th of May in this year. A report of the proceedings, transcribed from a shorthand writer's notes, has been placed in the College Registry.

The observance of order and discipline on the part of the students during the past Session deserves special mention.

The usual statistical information is supplied in the Appendix.

And I have the honour to be

Your Majesty's most obedient servant,

JAMES W. SLATTERY,

President.

Queen's College, Cork,

August, 1894.
